Report of Independent Auditors

To the Board of Directors
Fair Trade USA and Good World Solutions

Report on the Financial Statements

We have audited the accompanying consolidated financial statements of Fair Trade USA and Good World Solutions (collectively, the "Organization"), which comprise the consolidated statements of financial position, as of December 31, 2019 and 2018, and the related consolidated statements of activities and changes in net assets, functional expenses, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Fair Trade USA and Good World Solutions as of December 31, 2019 and 2018, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

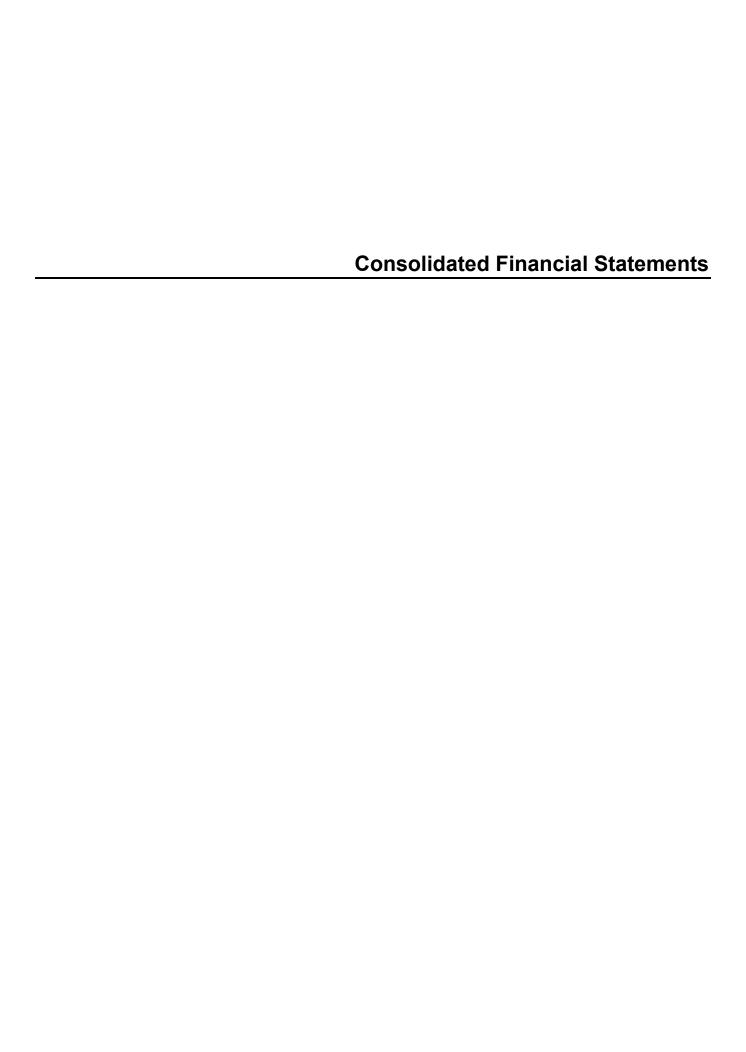

Emphasis of Matter

As discussed in Note 2 to the consolidated financial statements, as of and for the year ended December 31, 2019, the Organization adopted Accounting Standards Codification Topic 606, *Revenue from Contracts with Customers*. The adoption of the standard resulted in additional footnote disclosures and has been applied retrospectively to all periods presented. Our opinion is not modified with respect to this matter.

San Francisco, California

NOTE 1 – NATURE OF OPERATIONS

On October 1, 2010, Transfair USA began doing business as Fair Trade USA. Fair Trade USA was incorporated in Minnesota in April 1996. During 2011, Fair Trade USA became the sole member of Good World Solutions, Inc. ("GWS"), a California nonprofit public benefit organization. Fair Trade USA's and Good World Solutions' (collectively, the "Organization") principal place of business is in Oakland, California.

The Organization enables sustainable development and community empowerment by cultivating a more equitable global trade model that benefits farmers, workers, fisherman, consumers, industry, and the earth. The Organization achieves its mission by certifying and promoting Fair Trade products.

In addition to promoting successful empowering relationships between farmers and businesses, the Organization educates American consumers about Fair Trade and economic development. The Organization also verifies that farmers, workers, and fisherman who produce Fair Trade Certified™ ("FTC") products are paid a fair price for their products, receive a social premium, and adhere to the Fair Trade environmental, labor, and governance standards. The Organization communicates on a regular basis with farmers, workers, and fisherman in developing countries and provides support for producers entering the system and those working to stay in the system. The Organization has service agreements with more than 1,200 participating companies (manufacturers, retailers and importers) in the United States and around the world to offer FTC products that have met the Fair Trade criteria, providing these companies permission to use the FTC label on product packaging.

Ultimately, the Organization envisions a day when Fair Trade products are readily available in mainstream stores across the country, when U.S. consumers can opt for a "Fair Trade Lifestyle" and shop responsibly in every product category. FTC products under the Organization's service agreements include coffee, tea, sugar, cocoa, coconut, fresh fruit, seafood, flowers, apparel, home goods, and consumer packaged goods in which Fair Trade ingredients are used.

The Organization's major sources of revenue are service fees, foundation and corporate grants, and contributions. The Organization holds exclusive rights to engage in service agreements to allow for the use of the "Fair Trade Certified™" trademark in the United States of America and select foreign countries. Service fees are received from participating companies (roasters for coffee, and importers and retailers for other products) and are based on the amount of Fair Trade products either purchased and/or sold per the service agreements.

Foundation and corporate grants fund the expansion of existing services and tools into new regions and industries, as well as to pilot new technological innovations to further the Organization's mission to bring the voice of the worker into improving worker well-being.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation – The accompanying consolidated financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Net assets and revenue and support are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net assets without donor restrictions – Represent resources available to support the Organization's operations without donor restrictions and donor restricted resources that have become available for use by the Organization in accordance with the intention of the donor.

Net assets with donor restrictions – Represent contributions that are limited in use by the Organization in accordance with donor-imposed stipulations. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires; that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Basis of consolidation – The accompanying consolidated financial statements present the consolidated financial position and changes in net assets and cash flows of the Organization. All material intercompany accounts and transactions have been eliminated in consolidation.

Cash and cash equivalents – The Organization places its cash and cash equivalents with high credit quality institutions. Cash and cash equivalents include highly liquid investments which are readily convertible to known amounts of cash that present insignificant risk of changes in value because of changes in interest rates. The Organization maintains its cash in bank deposit accounts which, at times, may be in excess of federally insured limits. Management believes it is not exposed to any significant risks on cash accounts.

Service fees receivable – Service fees are generally billed quarterly or semi-annually based on either purchases and/or sales of FTC products reported by licensees. The Organization recognizes revenues and a corresponding receivable after considering implicit and explicit price concessions. Uncollectible service fees receivable is written off when all collection efforts have been exhausted.

Contributed goods and services – Contributed services are recognized if they create or enhance nonfinancial assets or require specialized skills, which are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donations. During the years ended December 31, 2019 and 2018, the Organization received contributed professional services valued at \$214,376 and \$171,061, respectively, and software licenses and advertising valued at \$382,687 and \$399,941, respectively.

Property and equipment, net – Property and equipment, if purchased, are recorded at cost or, if donated, at the estimated fair value at the time of receipt. Software development costs (internal and external) incurred during the application development stage for new software and software enhancements are capitalized and depreciated, if the software's expected economic useful life is greater than one year. Property and equipment are depreciated over the estimated useful lives of three to eight years on the straight-line basis. Leasehold improvements are amortized using the straight-line method over the lesser of the useful lives of the assets or the term of the respective lease. The Organization capitalizes all expenditures for property and equipment with a cost basis of greater than \$2,000 and which have a useful life in excess of one year.

The Organization periodically evaluates the carrying value of its long-lived assets for impairment. When the carrying value of an asset exceeds estimated recoverability, an asset impairment is recognized. No impairment was recognized for the year ended December 31, 2019 and 2018.

Revenue recognition – On January 1, 2019, the Organization adopted Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 606, *Revenue from Contracts with Customers* ("ASC 606") applying the full retrospective method. All periods presented have been adjusted and are reported in accordance with ASC 606. The adoption of ASC 606 did not have a material impact on the measurement nor on the recognition of revenue.

On June 1, 2019, the Organization also adopted FASB Accounting Standards Update ("ASU") No. 2018-08, *Not-for-Profit-Entities (Topic 958): Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made* ("ASU 2018-08"), using the modified prospective basis. The adoption of ASU 2018-08 did not have a material impact on the measurements nor on the recognition of revenue.

The Organization records service fee revenue in the period in which participating companies either purchase and/or sell FTC products, as defined in the applicable service agreement, which is when the performance obligation is met. Consideration is based on the applicable service agreement. Service fee revenue is shown net of implicit and explicit price concessions provided to participating companies.

Service fee revenue were from the following product lines as of December 31:

	 2019	2018
Coffee	\$ 6,590,610	\$ 6,396,539
Consumer packaged goods	4,373,608	3,704,001
Apparel and home goods	3,199,667	2,454,486
Produce/flowers	2,291,699	2,003,265
Seafood	333,227	347,754
	\$ 16,788,811	\$ 14,906,045

The Organization recognizes grant and donor contributions upon the earlier of receipt or when an agreement has been executed. Contributions received without donor-imposed restrictions are reported as increases in support without donor restrictions. Contributions received with donor-imposed restrictions which are received and spent in the same year are reported as an increase in support without donor restrictions. Contributions received with donor-imposed restrictions that are not satisfied in the same year as received are reported as increases in support with donor restrictions. Conditional promises to give are not recognized until they become unconditional, that is when the conditions on which they depend are substantially met.

Donated goods and services are recorded as contributions at their estimated fair value on the date of receipt. Such donations are reported as support without donor restrictions unless the donor has restricted the use of the asset for a specific purpose and the asset is therefore reported as an increase in support with donor restrictions.

Contract liabilities – Service revenue and other support where cash was received, but not yet earned, are recorded as contract liabilities. The amount of contract liabilities of \$284,265 and \$191,229 as of December 31, 2019 and 2018, respectively, represented unearned service fees and unearned consulting and contractor fees. Contract liabilities are recognized as revenue when services are performed by the Organization as stipulated in the applicable service agreements.

Functional expenses – The costs of providing the program services and supporting services activities of the Organization are shown in the statements of functional expenses. Expenses that can be directly identified with a specific function are allocated directly to that function. Expenses that cannot be directly identified with a specific function are allocated among the program services and the supporting services activities benefited based upon employee time and effort recorded on functions related to the specific activity, or in the case of shared expenses, using an allocation based on personnel costs, space usage, or other relevant bases.

Income tax status – Fair Trade USA and GWS are qualified organizations exempt from federal, Minnesota and California income taxes under the provisions of Sections 501(c)(3) of the Internal Revenue Code, Chapter 317A of the Minnesota Statutes and 23701d of the California Revenue and Taxation Code. Accordingly, no provision for federal, Minnesota, or California income tax is reflected in the accompanying consolidated financial statements.

The Organization recognizes the effects of its income tax positions only if those positions are more likely than not of being sustained. The Organization has evaluated its tax positions and has concluded as of December 31, 2019 and 2018, that the Organization does not have any significant uncertain tax positions for which a reserve would be necessary.

Use of estimates – The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities, at the date of the consolidated financial statements, and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

New accounting pronouncements – In February 2016, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2016-02, *Leases (Topic 842)* ("ASU 2016-02"), which increases transparency and comparability among organizations by recognizing lease assets and lease liabilities on the statement of financial position and disclosing key information about leasing arrangements in the financial statements of lessees. This update is effective for fiscal years beginning after December 15, 2020, with early adoption permitted. The effective date of ASU 2016-02 was deferred by ASU 2019-10, *Financial Instruments – Credit Losses (Topic 326), Derivatives and Hedging (Topic 815), and Leases (Topic 842): Effective Dates*, to annual periods beginning after December 15, 2020. As such, the adoption is effective for the Organization beginning January 1, 2021. Management is currently evaluating the impact of the provisions of ASU 2016-02 on the consolidated financial statements.

In November 2016, FASB issued ASU No. 2016-18, *Statement of Cash Flows (Topic 230): Restricted Cash* ("ASU 2016-18"). This guidance enhances the statement of cash flow by streamlining the activities between cash and restricted cash as operating, investing, or financing, or as a combination of those activities. The guidance also highlights explanations of the change of cash, cash equivalents, restricted cash or restricted cash equivalents during the period. This update is effective for fiscal years beginning after December 15, 2018. The Organization adopted ASU 2016-18 on January 1, 2019. As a result of adopting ASU 2016-18, the Organization revised the presentation of cash, cash equivalents, and restricted cash on the statements of cash flows for all periods presented. There is no change in the cash flow activity for the years ended December 31, 2019 and 2018, as a result of the adoption.

NOTE 3 - GRANTS RECEIVABLE

Total current and long-term grants receivable consisted of the following at December 31:

	2019								
	Without Donor Restrictions			ith Donor		Total			
General support	\$	393,192	\$	1,623,517	\$	2,016,709			
	\$	393,192	\$	1,623,517	\$	2,016,709			
				2018					
	Without Donor Restrictions			ith Donor		Total			
General support	\$	923,620	\$	415,000	\$	1,338,620			
	\$	923,620	\$	415,000	\$	1,338,620			

Grants receivable that are expected to be collected in subsequent years are typically discounted using a risk adjusted market interest rate applicable to the years in which the grants are expected to be received or when the promise is made. At December 31, 2019 and 2018, management had not adjusted grants receivable using the applicable interest rate as they have deemed any adjustment to be insignificant to the consolidated financial statements.

Grants receivable consisted of the following at December 31:

	2019			2018	
Receivable in less than one year Receivable in one to five years	\$	1,841,709 175,000	\$	1,043,620 295,000	
	\$	2,016,709	\$	1,338,620	

NOTE 4 - PROPERTY AND EQUIPMENT, NET

Property and equipment, net consisted of the following at December 31:

	2019	2018		
Furniture and fixtures	\$ 168,590	\$	168,590	
Machinery and equipment	779,872		751,925	
Leasehold improvements	68,930		68,930	
Website development	304,083		304,083	
Less accumulated depreciation and amortization	1,321,475 (1,074,080)		1,293,528 (883,299)	
	\$ 247,395	\$	410,229	

Depreciation and amortization expense for the years ended December 31, 2019 and 2018, was \$190,781 and \$182,504, respectively.

NOTE 5 - NOTES PAYABLE

In May 2019, the Organization revised the original \$1,100,000 note agreement with RSF Social Investment Fund to increase the note amount to \$2,000,000. In the revised note agreement, the Organization is only required to make interest only payments until May 2020 and principal and interest payments commencing in June 2020.

In May 2019, a new line of credit with RSF Social Investment Fund was secured in the amount of \$1,000,000 and is due in May 2020. The line of credit and note payable have variable interest rates equal to RSF prime +.50%. The future maturities of the notes payable were also revised accordingly.

Notes payable are detailed as follows at December 31:

Lender	Interest Rate	Maturity Date	 2019	2018
RSF Social Investment Fund RSF Social Investment Fund	RSF Prime + 0.50% RSF Prime + 0.50%	5/15/2020 6/1/2023	\$ 500,000 2,000,000	\$ - 1,100,000
Less: current portion			2,500,000 (852,268)	1,100,000 (121,912)
			\$ 1,647,732	\$ 978,088

The future maturities of the notes payable are as follows:

Year ending December 31,	
2020	\$ 852,268
2021	631,728
2022	667,870
2023	 348,134
	\$ 2,500,000

Management believes it is in compliance with all covenants and restrictions as of and for the year ended December 31, 2019.

NOTE 6 - NET ASSETS WITH DONOR RESTRICTIONS

Net assets with donor restrictions consisted of the following as of December 31:

	2019		 2018	
Innovation technology support	\$	2,500,000	\$ -

protected areas and indigenous lands in the Amazon		-		119,098
Labor Link technology reporting tool		_		100,000
	\$	1,977,535	\$	2,471,119

NOTE 7 - PROGRAM SERVICES

Business Development – The Business Development program works with companies to increase sales of FTC products in the market.

Marketing Communications and Education – The Organization executes a broad range of marketing and public relations programs whose goal is to raise consumer awareness of international trade issues in general, and Fair Trade concerns in particular. The resulting increase in consumer awareness leads directly to an increase in consumer demand.

Certification - The Certification department audits transactions between companies offering FTC products and their international suppliers, to guarantee that the farmers and workers who produce FTC goods were paid a fair price for their products, receive a social premium, and adhere to the Fair Trade environmental, labor, and governance standards.

Supply Chain Management – Supply Chain Management includes support for producers, exporters, importers, retailers, and roasters throughout the Fair Trade supply chain. That support helps producers deliver high quality products that fit within the Organization's mission and are desired by retailers and consumers. Producer training and assistance services include: quality and environmental training, market data and linkage, access to capital, governance training, and other technical assistance.

Good World Solutions Technology – Good World Solutions Technology, in the form of its principal tools, Voice of the Client (micro-finance), and the Fair Wage Guide, provides quantitative tools and analytics to establish an anonymous two-way communication channel for workers and borrowers to report, and for companies and lenders to receive, unfiltered data directly from workers. Good World Solutions products are also used to survey farmers and workers producing Fair Trade Certified products to assess the impact of Fair Trade programs against defined livelihood and well-being measures.

Program services incurred were comprised of the following for the years ended December 31:

	2019			2018		
Business Development	\$	5,562,402	\$	3,791,818		
Marketing Communications and Education		4,523,752		3,846,904		
Certification		2,760,425		2,965,520		
Supply Chain Management		5,585,836		5,287,867		
Good World Solutions Technology		2,231		895,136		
	\$	18,434,646	\$	16,787,245		

NOTE 8 - COMMITMENTS

During 2019, the Organization reached an agreement with its landlord, in which both parties agreed to terminate the lease agreements on June 30, 2019, prior to the original expiration date of December 31, 2019. Additionally, the landlord agreed to provide a payment of termination fee to the Organization in the amount of \$300,000.

The Organization entered into a new sublease agreement with Flexera for its new office location at 1901 Harrison Street, Suite 1700, Oakland, California that began on July 1, 2019 and will end on June 30, 2025. The monthly rental payment will be \$85,188, with an annual 3% increase. The Organization recognizes rent expense on a straight-line basis over the lease term.

Rent expense, included in facility expenses on the consolidated statements of functional expenses, for the years ended December 31, 2019 and 2018 was \$760,311 and \$586,403, respectively.

The scheduled minimum lease payments under the lease terms are as follows:

Year ending December 31,	
2020	\$ 1,037,475
2021	1,069,013
2022	1,101,638
2023	1,134,263
2024	1,167,975
Thereafter	 592,686
	\$ 6,103,050

NOTE 9 - CONCENTRATIONS

During the years ended December 31, 2019 and 2018, one customer accounted for approximately 9% of total service fees, for both years.

As of the years ended December 31, 2019 and 2018, one customer accounted for approximately 7% of total service fees receivable, net, for both years.

NOTE 10 – RETIREMENT PLAN

The Organization sponsors a 401(k) profit sharing plan covering all eligible employees who have completed six months of service. The Organization makes matching contributions up to 4% of the employee's eligible compensation. Employees are eligible to make elective contributions up to the maximum amount allowed by the Internal Revenue Code. The Organization contributed \$389,951 and \$259,896, respectively, to the plan for the year ended December 31, 2019 and 2018, included in personnel expenses on the consolidated statements of functional expenses.

NOTE 11 – LIQUIDITY AND AVAILABILITY

Financial assets available for general expenditure, within one year of the consolidated statement of financial position at December 31, 2019 and 2018, comprise the following:

	2019		2018	
FINANCIAL ASSETS, AT YEAR END Cash and cash equivalents Service fees receivable Grants receivable, current portion	\$	3,420,860 5,335,006 1,841,709	\$	4,895,019 5,161,160 1,043,620
		10,597,575		11,099,799
LESS ASSETS UNAVAILABLE FOR GENERAL EXPENDITURES WITHIN ONE YEAR Cash and cash equivalents held with donor restrictions Grants receivable, current portion with donor restrictions	_	(1,692,166) (1,623,517) (3,315,683)	_	(570,550) (415,000) (985,550)
FINANCIAL ASSETS AVAILABLE TO MEET CASH NEEDS FOR GENERAL EXPENDITURES WITHIN ONE YEAR	\$	7,281,892	\$	10,114,249

The Organization has a policy to structure its financial assets to be available as its general expenditures, liabilities and other obligations come due. As part of the Organization's liquidity management plan, the Organization invests cash in excess of daily requirements in certificate of deposits and money market funds. The service fee receivable and grants receivable, current portion are expected to be collected within one year. The Organization also has \$500,000 available to draw on from it's line of credit with RSF Social Investment Fund as of December 31, 2019.

NOTE 12 - SUBSEQUENT EVENTS

Subsequent events are events or transactions that occur after the consolidated statement of financial position date, but before the consolidated financial statements are available to be issued. The Organization recognizes in the consolidated financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the consolidated statement of financial position, including the estimates inherent in the process of preparing the consolidated financial statements. The Organization's consolidated financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the consolidated statement of financial position but arose after the consolidated statement of financial position date and before the consolidated financial statements were available to be issued.

Subsequent to December 31, 2019, the World Health Organization declared the novel coronavirus (COVID-19) a global pandemic and recommended containment and mitigation measures worldwide. This contagious disease outbreak, which has continued to spread, and any related adverse public health developments, has adversely affected workforces, customers, economies, and financial markets globally, potentially leading to an economic downturn. It has also disrupted the normal operations of many businesses and organizations, including the Organization's. It is not possible for the Organization to predict the duration or magnitude of the adverse results of the outbreak and its disruptive effects on the Organization's operations and financial results at this time. There is broad concern about the impact the virus may have on the general population, specifically as more information is revealed about infection and mortality rates among those infected. Increased infection rates in the region may result in additional precautionary measures by the Organization as it relates to its operations. The Organization will continue to monitor the situation closely, but given the uncertainty and volatility of this continuing situation, management cannot estimate its impact to the Organization's consolidated financial statements.

In April 2020, the Organization received a \$1,400,000 grant from the Wal-Mart Foundation. The grant was awarded for the exclusive purpose of enabling meaningful producer needs assessments and maximizing the impact of the Global Community Development Project Investments program. The grant period shall run from January 31, 2020 to July 31, 2022.

In May 2020, the Organization entered into a loan agreement with Bank of the West for \$2,419,639. This loan was granted as part of the U.S. Small Business Administration ("SBA") Paycheck Protection Program under the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"), to help small businesses and organizations maintain payroll in light of the COVID-19 pandemic. The loan bears an interest rate at 1% per year and the loan matures in May 2022. The loan is guaranteed by the SBA and no payments are due on the loan for the first six months. The loan is subject to partial or full forgiveness if the Organization: uses all proceeds for eligible purposes; maintains certain employment levels; and maintains certain compensation levels in accordance with and subject to the CARES Act and the rules, regulations, and guidance. The Organization plans to apply for the loan forgiveness for the entire amount of the loan when appropriate.

The Organization has evaluated subsequent events through May 29, 2020, which is the date the consolidated financial statements were available to be issued.
